

Holy Consecration 2023

Grace be to you, and peace from God the Father and our Lord Jesus, the Christ.

The joy that I feel in greeting you comes from the Lord. He remains faithful and gracious to us all. The comfort in knowing His voice, then the privilege of hearing Him speak is both soothing and unexplainably gratifying.

We have each walked down the corridors of the year (2022) and have each faced some unexpected twists and turns. The keeping power of God is mind-boggling when you consider the fact that we are now at the end of a year that we at one point didn't think we'd complete. God is faithful!

As we press onward into a new year, a clean-out is necessary. A detox isn't just needed physically, but also mentally, emotionally, and spiritually. It's time to prepare for what lies ahead for each of us; the good, the bad, and the unexpected. Carry no residue over with you. Start fresh!

I've been speaking constantly concerning prioritizing our spiritual walk and bringing strength to that area of our lives. Here is another opportunity to begin anew. Walk across the threshold of time with a new mindset and a new sense of determination. Pick up what was left incomplete, accomplish all set goals, dream bigger, and pursue relentlessly.

The year 2023 is the year of CHANCES! To the extent of the things you failed to accomplish prior, here's another chance to get it done. Regardless of how many times you've failed in attempts, there's a grace on this calendar year to get those things done! Do you believe this? Are you ready to walk with me into this grace? Without any further ado, let's join faith and let's go!

Attached to this missive you will find all pertinent information on our time of Consecration and Spiritual detox for 2023. Remember that all instructions should be followed to the letter and I can guarantee that the results will be massive and in some cases immediate.

Blessings,

Bishop Darius Nixon
